

PRESS RELEASE

Biznet Networks' Expansion in Bali *Official Launch of Biznet Networks' Ubud Branch Office*

26 May 2012 – As one of the commitments to continue expanding its Fiber Optic Networks in Indonesia, Biznet Networks officially announces its expansion in Bali, by opening Biznet Branch Office in Ubud, offering high-quality and reliable internet connections for people in the area.

Bali is one of the main tourist destinations worldwide, and Ubud is one of the most desirable areas for family vacations, corporate gatherings, even for honeymoon. Based on that, Biznet is hoping to be able to deliver the best service of internet connection and multimedia entertainment in high-quality. Moreover, Biznet will soon be launching max3, the latest internet connection and pay TV service, in High Definition (HD).

Operated since 2000, Biznet has been growing and has become the leader of fixed-line and multimedia telecommunication provider in Indonesia. Biznet has been expanding its networks to big cities including Jakarta and surroundings (Bekasi, Depok, Tangerang, Serang), Bandung, Bali, Surabaya, Yogyakarta, Semarang, and Bogor. and Yogyakarta. Later on this year, Biznet will also expand its networks to Malang.

“Since the end of 2009, we’ve been seeing tremendous increase in internet penetration and we predicted that people’s needs of internet will increase in the years to come. In-line with the growing technology and also the fast-growing information sharing through the internet, we are committed to continue expanding Fiber Optic networks in Indonesia, and not to forget, meeting people’s demands to have a high-quality and reliable internet connections.” Said Adi Kusma, President Director of Biznet Networks.

“Internet users nowadays are using the internet to send text, images, and even videos, which require large bandwidth to support that, especially if they require live streaming. Those activities can only be supported by Fiber Optic technology in order to have the best quality.” Adi added.
