

PRESS RELEASE

Biznet Builds the Future Internet Infrastructure in Bangka Island

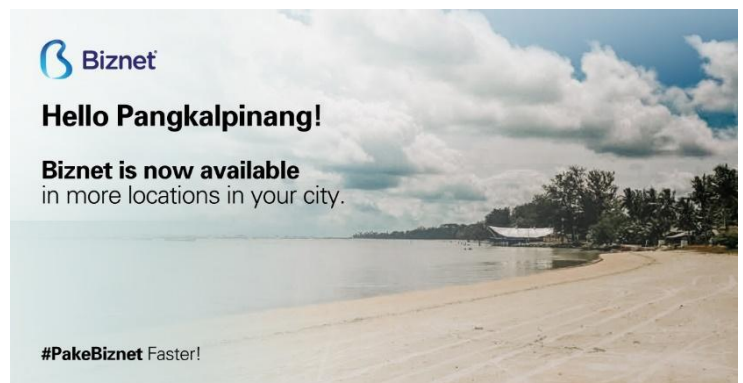

Jakarta - Indonesia, 4 Juli 2022 – Bangka Belitung Islands Province is one of the islands whose area is almost partly surrounded by the ocean, therefore Bangka Island is certainly the best choice of tourist destination in Indonesia. Of course, the role of technology is very important for the development of the region and community activities on Bangka Island. To meet the needs for Internet connection for the community, Biznet as an integrated digital infrastructure company in Indonesia has officially expanded its network on Bangka Island, namely Pangkalpinang City and Sungai Liat Regency. Comes with innovations supported by the latest network infrastructure, namely The New Biznet Fiber, it is expected to answer the digital needs of people in Indonesia, one of which is on Bangka Island.

In addition, Bangka Island is also included in the area that is the largest tin producer in Indonesia. For this reason, the presence of technology is very important for the sustainability of community activities in helping the country's economy. In line with this, Biznet continues to expand its network to Bangka Island to support all technological developments and community activities on Bangka Island. The presence of Biznet on Bangka Island is also accompanied by the opening of 2 (two) branch offices: **Biznet Branch Pangkal Pinang Batin Tikal**, which is located on Jl Ahmad Yani No 10, Pangkalpinang City, Bangka Belitung 33121 and **Biznet Branch Bangka Sungai Liat**, which is located

at Ruko Sudirman Square No R6 Jl Jendral Sudirman, Bangka Regency, Bangka Belitung 3321.

"In accordance with our commitment to reach more areas and cities in Indonesia, we are very pleased to be able to inform you that the expansion of the Biznet network has been present on Bangka Island, namely Pangkalpinang City and Sungai Liat Regency. Biznet network expansion in Bangka Island has been one of our network expansion agendas for a long time and it has been our commitment to continuously strive to provide a network supported by the latest infrastructure for the people of Bangka Island. We hope that the network expansion process will continue to take place until it reaches all areas on Bangka Island and becomes a solution for people who need the best WiFi Internet service connection," said Adi Kusma, President Director of Biznet.

The presence of the Internet has provided many changes and conveniences to meet all the activities of today's society where all have been transformed digitally. For now, in Pangkalpinang City Biznet network has been available in Opas Indah Village, Rawa Bangun, National Building, Batin Tikal, Sriwijaya and for Sungai Liat Regency, Biznet network has been present in Sungai Liat and Parit Padang Villages. For more information, please call the phone number at +62-21-57998888 and visit biznet.id/bangka and biznet.id/pangkalpinang.

In addition to network development in Bangka Island, Biznet also comes with a wide selection of Internet service packages specifically designed to support all digital activities that are also supported by the latest technology infrastructure and The New Biznet Fiber network, as follows:

- **Biznet Home service**, is the best WiFi Internet service for the residential/apartment segment with connection speeds of up to 250 Mbps for *upload* and *download*.
