Biznet is Expanding Network Coverage to More Areas in Bali, Providing Fast and Stable Internet Service to Support Digital Lifestyle

Bali, Indonesia, 23rd February 2021 – As part of Biznet's commitments and efforts in providing fast and stable WiFi Internet service to more areas in the island of Bali, Biznet officially announces network expansion in Badung Tibubenang and Denpasar Kesiman area. This network expansion is hoped to become the answer for increasing needs for a fast and stable WiFi Internet connection in the two areas, in order to support the growing digital activities and lifestyle. This network expansion is being done along with the opening of two new branch offices, which are the 11th and 12th Biznet branch offices in Bali; **Biznet Branch Badung Tibubenang**, located at Anyar Kencana No.7 Shopping Complex, Jl. Raya Cangu, Kerobokan, Badung, Bali 80361 and also **Biznet Branch Denpasar Kesiman**, at Jl. Gatot Subroto Timur, No.3D. Denpasar, Bali 80237.

"The growth of digital lifestyle in Bali must be supported by adequate technology infrastructure, especially since the beginning of the pandemic that has been on-going for almost a year. This is in line with the increasing public demand for Biznet network expansion on Bali. Hopefully, our network expansion in Tibubenang and Kesiman can be a proper solution for smooth digital activities for home users and communities in both areas. Our effort surely doesn't stop there, because our network expansion will be followed by expansion to other areas as well," said Adi Kusma, Biznet President Director.

Bali has indeed become one of Biznet focus in terms of network expansion strategy this year. Not only because Bali is one of the areas with the highest number of Internet users compared to other regions, Bali also seems to have become a dream remote working destination for many people to conduct Work from Home activities during the pandemic. In condition where many activities must be conducted online, a fast and stable WiFi Internet connection is one of the must-have facilities. Therefore, as an integrated digital infrastructure company in Indonesia, Biznet continues the commitment in providing services that can answer people's needs, one of which is through the process of network expansion to more areas and regions in Indonesia.

For Bali area, Biznet is providing various service packages, specially designed to answer requirements from different market segments, as follow:

- **Biznet Home Service**, which is an Internet service for home/apartment users that offers package price starting from Rp 325,000/month. This service does not only provide Internet service, but also Biznet IPTV services, that provide high quality TV entertainment programs for family.
