

PRESS RELEASE

Biznet Launches Biznet IPTV, Interactive TV Entertainment with 4K Resolution

Jakarta, Indonesia, 20 February 2020 – Biznet, an integrated digital infrastructure company in Indonesia, today officially launched its latest service called **Biznet IPTV**, which is an interactive TV service that shows the latest entertainment programs with the best 4K quality resolution, and can be accessed using The New Biznet Fiber Network. Biznet IPTV was designed for those who require TV service with various advantages to support today's digital lifestyle. As we know, IPTV is called as the future TV service that has been awaited by many Internet users for its services that can be personalized and also highly interactive.

"Biznet continues to provide technology services required by many people in the digital era, that we are currently living in today. High quality Internet connection is one mandatory factor in our digital society, and certainly its availability has become unnegotiable. Biznet, an integrated digital infrastructure company in Indonesia, continues to develop technology, not just Internet, but also other supporting digital services including Data Center, Cloud Computing, and now we have finally launched Biznet IPTV, which is a high quality Internet-based TV service with the best 4K resolution," said Adi Kusma, President Director of Biznet

As an Internet-based TV service with the best 4K-resolution quality, Biznet IPTV offers many features and advantages that will bring a new kind of experience for customers in watching TV entertainment, including the following:

- **CATCH-UP TV**
A feature that ensures that customers don't miss their favorite shows. With Catch Up feature, customers can enjoy their favorite local programs within the last 3 days without needing to record anything. Customers can also repeat or fast forward parts of the show as desired.
- **VIDEO-ON-DEMAND**
A feature that make it easy for customers to enjoy their favorite programs without having to leave the house, because customers can watch their favorite programs with rental-based method.
- **Wi-Fi CONNECTED**
A feature that makes it easy for customers to connect IPTV with The New Biznet Fiber Internet network.
- **EASY-TO-CONNECT**
A feature that allows customers to carry and bring Biznet IPTV STB anywhere, so they can enjoy Biznet IPTV shows anywhere, anytime, as long as they are connected to the The New Biznet Fiber network.

Moreover, Biznet IPTV also offers other attractive feature, which is **Live Payment Channel** that offers an easy method to pay for Biznet IPTV services every month. First in Indonesia, Biznet presents a payment method via GO-PAY where customers can simply scan the QR Code directly from their TV screen, without having to leave the house, so the payment process becomes more effective and efficient.

Biznet IPTV provides a variety of channels since users are able to enjoy more than 60 high quality channels from various categories including Entertainment, Movies, Kids, Education, International, Sports, News, and local channels. Biznet IPTV comes in two service packages namely Biznet IPTV Basic at a price of Rp 175,000 / month and Biznet IPTV Plus at a price starting from Rp 350,000/month. Customers can also subscribe to the Biznet Home Internet + IPTV service package, which can be enjoyed with price starting from Rp 450,000/month and 75 Mbps or bandwidth capacity. "We

hope that Biznet IPTV can become a service that provides future TV entertainment for many people who need the best entertainment channels supported by various advanced technology features," Adi added.

By subscribing to Biznet IPTV, customers will also enjoy other advantages, including a feature that allows one subscribed account to be used for 4 Biznet IPTV STBs, without any additional costs. As part of the Biznet IPTV launch, Biznet also presents a 40% discount promo where customers only required to pay IDR 750,000 and get free all channels for 3 months. Biznet IPTV services can now be enjoyed by customers in several cities in Java, Bali and Batam, and will continue to grow in line with the process of expanding The New Biznet Fiber network.
