

PRESS RELEASE

Biznet Receives Indonesia Most Innovative Business Award 2019

Jakarta, Indonesia - 29th of July 2019 – Biznet continues to strengthen its position as the leading and innovative telecommunication and multimedia service provider in Indonesia, after the company recently received **Indonesia Most Innovative Business Award 2019** held by **Warta Ekonomi Magazine**, as an Innovative Telecommunication and Multimedia Service Provide Company through The New Fiber Network, under Internet Service Provider Category. The award was given to Biznet at the awarding ceremony held on 26th of July 2019 at Balai Kartini, Jakarta, and Biznet was represented by Yudie Haryanto as the VP Marketing of Biznet and Adrianto Sulistyono as the Senior Manager Marketing of Biznet.

“We are very delighted and proud to be able to receive the Indonesia Most Innovative Business Award 2019. We do hope that Biznet can continue to grow together with the people of Indonesia to create innovative products and services to provide the best telecommunication and multimedia services,” said Yudie Haryanto, VP Marketing after receiving the award.

As a local company that has been around since 2000, Biznet has been growing significantly and available in more than 100 cities in Java, Bali, Sumatra and Batam. Supported by more than 2,600 employees in all Biznet offices throughout Indonesia, Biznet-owned high-tech Fiber Optic infrastructure has reached 32,000 KM in total. In line with the expansion, Biznet continues to stick to the commitment to develop new innovations, providing reliable telecommunication and multimedia services in more cities and islands in Indonesia, which has been proven by the on-going expansion and plans to be available in Bandar Lampung, Manado and Pontianak, to be followed by other cities this year.

“Biznet will not be able to have so much achievements without continuous support from the government, vendors, business partners, media friends, and last but not least, all of our loyal customers. Biznet will not be here without the support given by all of those who have been supportive throughout the years, and we will always be committed to continue developing our technology and innovation to provide the best service for all of our customers in more areas in Indonesia,” said Adi Kusma, Biznet President Director.

Being able to provide a reliable and high quality Internet service for the people of Indonesia has been Biznet’s main goal in developing the latest technology infrastructure. By having The New Biznet Fiber, which is the latest Fiber Optic network that based on the newest, fastest, and most reliable technology, Biznet is able to provide the best Internet service with excellent performance and bigger bandwidth capacity to support people’s digital activities today. The New Biznet Fiber consists of Terabit Core Router, Metro Ethernet 10G/100G Distribution Network, and GPON (Gigabit Passive Optical Network) with huge capacity to cover the increasing requirements for the next 5 – 10 years from now.

Moreover, the development of Biznet Fiber Java Bali is now complete for both North and South lines, and as of now there are 112 cities connected to Biznet Fiber Java Bali network. *“We will continue expanding our coverage area in all cities covered by this network, so everyone in those cities can get positive benefits by having the best and fastest Internet connection that supports various industries including education, health, government activities (smart city), business and personal digital activities at home,”* Adi added.

Here are the list of cities that have been covered by Biznet Fiber Java Bali network: Ajibarang, Amlapura (Karangasem), Babat, Badung (Kuta), BANDUNG, Bangil, Bangli, Banjar, Banjarsari, Banyuputih, Banyuwangi, Batang, Bekasi, Besuki, Blitar, Blora, Bogor, Bojonegoro, Bondowoso, Boyolali, Brebes, Bumiayu, Cepu, Ciamis, Cianjur, Cibadak, Cicurug, Cikampek, Cilacap, Cimahi, Cirebon, Comal, Demak, DENPASAR, Depok, Garut, Gempol, Genteng, Gianyar, Glenmore, Gresik, Indramayu, Jajag, JAKARTA, Jember, Jimbaran, Jombang, Karangampel, Karawang, Kartasura, Kebumen, Kediri, Kendal, Kepanjen, Kertosono, Ketapang, Klaten, Kraksaan, Krian, Kudus, Lamongan, Lawang, Lumajang, Madiun, Malang, Mojokerto, Muncar, Negara, Nganjuk, Ngawi, Ngopak, Padalarang, Paiton, Pamanukan, Pangandaran, Pasirian, Pasuruan, Pati, Pekalongan, Pemalang, Probolinggo, Purwakarta, Purwodadi, Purwokerto, Purworejo, Rogojampi, Salatiga, SEMARANG, Semarang (Klungkung), SERANG, Sidoarjo,
