## Biznet Presents in Kupang City, Presents Fast and Stable Internet Service to Support People Digital Lifestyle

**Kupang, Nusa Tenggara Timur, 18 February 2022** – Biznet had a commitment to provide fast and stable WiFi Internet services in more areas in East Nusa Tenggara, after Manggarai Labuan Bajo Regency, now Biznet is expanding its network in Kupang City. In 2021, Biznet signed a MoU with the Kupang City Government, which marks the beginning of the collaboration between Biznet and the Kupang City Government. Of course, this network expansion is Biznet's commitment to provide services that can meet the needs of the people in the area for a fast and stable WiFi Internet connection, to support people's digital activities and lifestyles, and to support the development of the Smart City program that is being run by the Kupang Government.

### Hello, Kupang!

**Biznet will be available**

in more locations in Your city.

Biznet also provides free Internet facilities at several places of worship in Kupang City. As we all know, during this pandemic, most worship activities are carried out through online streaming, of course, these places of worship require a fast and stable Internet network. Therefore, until now Biznet has provided free WiFi Internet services in 16 churches and 4 mosques in Kupang City with an Internet speed of up to 100 Mbps.

The presence of Biznet in Kupang City was officially inaugurated by the Kupang City Government on

February 18, 2022, at the Kupang Mayor's Office. In addition, the expansion of Biznet's network was also accompanied by the inauguration of the new branch office, Kupang Oebobo Branch, which is located at Jl. W.J. Lalamentik No. 47A, Fatululi Village, Oebobo District. Kupang City, East Nusa Tenggara.

Kupang has indeed become one of Biznet's focuses in its strategy to expand its network at the end of 2021. As the capital of the province of East Nusa Tenggara which is a central city, of course Kupang City must have the availability of infrastructure, especially in communication networks and Internet connections to advance this city in all sectors. Currently, Biznet's network is available in several areas in Kupang City including Fatubesi Village, Fatululi Village, Kayu Putih Village, Kelapa Lima Village, Kolhua Village, Maulafa Village, Nefonaek Village, Nunleu Village, Oebobo Village, Oebufu Village, Oesapa Barat Village, Oepura Village, Oeba Village, Pasir Panjang Village, Tuak Daun Merah Village.

*"Biznet is very happy because finally our Internet network is available in Kupang City. Along with the growth of the digital lifestyle and the rapid development of infrastructure in Kupang City, Biznet comes with the latest technology and covers a wider area. Hopefully, expanding our network in Kupang City can be the best solution to complement the Internet service choices for the people there, so that people can choose the service that best suits their needs,"* said Adi Kusma, President Director of Biznet.

In Kupang City, Biznet presents several service packages specifically designed to answer the needs of different market segments. For this reason, Biznet provides fast and stable Internet services for business segments such as MSMEs, Startups as well as large-scale companies through Biznet Metronet and Biznet Dedicated Internet services. In addition, Biznet also provides services for housing through the Biznet Home service with several package options that suit the needs of the people in Kupang with prices starting from Rp. 450,000/month and speeds up to 50 Mbps.
