Biznet Officially Launches
The New Biznet Fiber Network

Jakarta, 3 September 2018 – As part of company's efforts and commitments to continue improving service quality for all customers, Biznet recently launched **The New Biznet Fiber Network** that consists of Terabit Core Router Network, Metro Ethernet 10G/100G Distribution Networks and GPON (Gigabit Passive Optical Network) to accommodate a much bigger bandwidth capacity to support customers' requirements in the future.

"In technology, changes are unavoidable. Technology continues to change and grow along with the increasing demand for faster and high quality Internet connection. As an Internet service provider, Biznet continues to keep up with the ever-growing changes and we continue to make new technology innovations to be able to provide the best Internet service supported by the latest infrastructure and reliable networks for the people of Indonesia. The New Biznet Fiber Network is launched as a solution for the increasing demand for bigger capacity in the future," said Adi Kusma, Biznet President Director

With Metro Ethernet 10G/100G technology, The New Biznet Fiber Network is able to deliver services with bigger capacity and better performance, supported by redundant and protected device system. Metro Ethernet 10G/100G is using 'Ring' Metro Ethernet network that provides auto protection when Fiber Optic Backbone is cut off. This network also has huge capacity, up to 100 Gbps.

One of the advantages of GPON (Gigabit Passive Optical Network), the network is using protected network with Full Fiber technology up to the customer's home/office. This technology is also based on GPON network access technology that can deliver services with capacity up to 2.5 Gbps. Moreover, its ONT (Optical Network Terminal) device has already supported the latest Wi-Fi technology with faster and more advanced transfer data performance.

With direct connection to Biznet Data Center, additional International link capacity up to 400 Gbps to Tier-1 Global Provider, as well as the network upgrades with the latest technology, we ensure all customers will get the best service performance to answer the ever-increasing Internet connection requirements in the future.

Biznet also applies new bandwidth capacity and service package price for Biznet Home and Biznet Metronet services that based on The New Biznet Fiber Metwork, with faster Internet service and affordable price. For Biznet Home service, an Ultra Fast Internet service for home and apartment users, Biznet offers Biznet Home Internet 1 service package with 50 Mbps of bandwidth capacity and price starting from Rp 300.000/month.

Monthly Package for Java, Bali and Batam

Old Service				New Service		
Service	Internet Broadband	Monthy Price (Rp)		Service	Internet Broadband	Monthy Price (Rp)
Internet 1	30 Mbps	280.000	➔	Internet 1A	50 Mbps	300.000
Internet 2	60 Mbps	430.000	↗	Internet 2A	100 Mbps	450.000
Internet 3	100 Mbps	720.000	↗			

Monthly Package for Sumatra

Old Service				New Service		
Service	Internet Broadband	Monthy Price (Rp)		Service	Internet Broadband	Monthy Price (Rp)
Internet 1S	30 Mbps	380.000	➔	Internet 1AS	50 Mbps	350.000
Internet 2S	60 Mbps	580.000	↗	Internet 2AS	100 Mbps	550.000
Internet 3S	100 Mbps	970.000	↗			

Note: Price exclude 10% VAT

For Biznet Metronet, a Super Fast Internet Broadband service for Small and Medium Business (SMB) and Startups, Biznet offers new service package with 50 Mbps of bandwidth capacity and price starting from Rp 1.000.000/month.

Monthly Package for Java, Bali and Batam

Old Service					New Service			
Service	Internet Broadband	IP Address	Monthly Price (Rp)		Service	Internet Broadband	IP Address	Monthly Price (Rp)
Metronet 1	30 Mbps	Dynamic Private	960,000	➔	Metronet 1A	50 Mbps	Dynamic Private	1,000,000
Metronet 2	60 Mbps	Dynamic Public	1,680,000	➔	Metronet 2A	90 Mbps	Dynamic Public	1,700,000
Metronet 3	100 Mbps	Dynamic Public	2,700,000	➔	Metronet 3A	150 Mbps	Dynamic Public	2,700,000
Metronet 4	250 Mbps	Dynamic Public	6,500,000	➔	Metronet 4A	375 Mbps	Dynamic Public	6,500,000
Metronet 5	500 Mbps	Dynamic Public	12,500,000	➔	Metronet 5A	750 Mbps	Dynamic Public	12,500,000

Monthly Package for Sumatra

Old Service					New Service			
Service	Internet Broadband	IP Address	Monthly Price (Rp)		Service	Internet Broadband	IP Address	Monthly Price (Rp)
Metronet 1S	30 Mbps	Dynamic Private	1,150,000	➔	Metronet 1AS	50 Mbps	Dynamic Private	1,150,000
Metronet 2S	60 Mbps	Dynamic Public	2,000,000	➔	Metronet 2AS	90 Mbps	Dynamic Public	2,000,000
Metronet 3S	100 Mbps	Dynamic Public	3,250,000	➔	Metronet 3AS	150 Mbps	Dynamic Public	3,250,000

Note: Price exclude 10% VAT

The launch of The New Biznet Fiber Network is also in line with the expansion to more cities in Indonesia. Biznet service is now available in more than 100 cities in Java, Bali, Sumatra and also Batam islands. *"We keep doing our best to be able to provide the best Internet service in more cities in Indonesia, so it can be enjoyed by more people in the future,"* said Adi.

About Biznet
Biznet is a company focused on telecommunications and multimedia, which is committed to building modern infrastructure with the aim of reducing the digital gap of Indonesia with other developing countries. Biznet has and operates most advanced Fiber Optic network and biggest data center in Indonesia. For further information about the company, please visit biznetnetworks.com.
