

PRESS RELEASE

# PrimaMedix, Biznet's Subsidiary, Starts Producing High Quality Masks

**Bali, Indonesia, 10 August 2020** - Along with the increasing needs for high quality health products, **PrimaMedix** was established as a company that focuses on the health industry by producing high quality medical and N95 mask products. PT Prima Medix Nusantara or PrimaMedix was specifically designed to answer people's needs for high quality masks that have become mandatory for almost everyone, especially since the beginning of the COVID-19 pandemic a few months back. PrimaMedix is part of Biznet, one of the leading technology companies in Indonesia. PrimaMedix officially launched on Saturday, August 8, 2020.

*"With the on-going pandemic, public health is getting more important each day and needs our focus and attention, and we want to provide maximum support for all the people of Indonesia by providing masks that have become a major necessity. Not just an ordinary mask, PrimaMedix products are produced in a Clean Room facility with ISO Class 8 to ensure that all products are produced at the highest quality and able to provide maximum protection from viruses and germs,"* said Adi Kusma, President Director of PrimaMedix.

PrimaMedix products are manufactured using high quality materials, using the best filtering technology. With **#StaySafe** as the company's tagline, PrimaMedix produces two types of masks, including Surgical Mask 3-Ply and Respiratory Mask N95 at the highest quality that meets global healthcare requirements at an affordable price. All products are produced using modern technology with production capacity up to 4 million masks per month, which can be improved according to market demand.

PrimaMedix offers mask products with 3 advantages:

**1. Clean Room Class ISO 8**

PrimaMedix products are produced in Clean Rooms with Class ISO 8 standards, which meet the quality requirements of medical devices with medical grade equipment and professional team, where not many mask-manufacturing companies use Clean Room Class ISO 8 so far. This is being implemented to ensure that PrimaMedix masks have the best quality standards to provide maximum protection for users.

**2. Convenient and Fast Purchasing and Shipping Process**

PrimaMedix products are available at [primamedix.net](http://primamedix.net), leading e-commerce websites in Indonesia, as well as offline channels such as leading hypermarkets, supermarkets and minimarkets. PrimaMedix guarantees a fast delivery process by partnering with leading logistic companies in Indonesia. To ensure fast, safety and best quality of products arrive at your place.

**3. Various Options for Secure Payment Methods**

PrimaMedix offers easy payment methods with selection of payment methods online, to ensure safe payment transaction.

With modern manufacturing facilities located in Bali, the entire PrimaMedix mask production process will refer to local and international standards to meet health product requirements. *"We have recruited experienced and competent individuals in their fields to carry out production process optimally and refer to global health standards,"* added Adi Kusma.

With the on-going condition of COVID-19 pandemic, health protocols are still being the main requirements for every person in carrying out daily activities in the New Normal condition. People's needs for masks will continue to increase and everyone is required to always use a mask during outdoor activities. PrimaMedix masks are expected to be the best
